Coming Events During October

15th—Vaudeville, Lyric.
16th—Vaudeville, Lyric.
17th—Theatrical Club at Empress.
17th—Theatrical Club at Empress.
18th—Matinee at Empress.
20th—Thanksgiving Supper, Parish Hall.
22nd—Peace Society address, School.
27th—Harold Jarvis at Methodist Church.
31st—Hallowe'en dance, Parish Hall.
Nov. 14—Parish Hall Minstrels.

Thresherman Loses Arm

A bad accident occurred on Saturday last to Harold Braithwaite, who was working with a threshing outfit at H. B. Lowden's farm, Waskasoo, where he got his right arm so badly crushed that it had to be amputated yesterday. Harold had mounted the boiler to oil the links and pillow boxings, and in stepping back over the line shaft of the engine he caught hold of the throttle rod with his left hand, his right hand and arm being caught between the boiler and line shaft, crushing it fearfully, and his naked legs getting badly burned as well. The engine was stopped, and reversed, but it was some time before he could be dragged clear, owing to a part of the mechanism being bent and not working right. He was brought to the Red Deer Hospital, where all efforts were made to try and save his arm, but his condition was so serious yesterday morning that it was found necessary to amputate it, the operation being successfully performed by Dr. Sanders. Mr. Braithwaite, senior, is terribly upset about the accident, and has had considerable trouble recently in the loss of his wife, and another son, who was run over and killed in England without it ever being found out who did it. Harold, who is twenty-one years of age, is a general favorite with all who know him, being a bright boy and quite a good violin player.

Thanksgiving Music

The choir of the Methodist church, twenty strong, is preparing two splendid anthems for next Sunday evening's service, entitled "Praise the Father" and "What Shall I Render Unto the Lord," with tenor solo by Mr. E. G. Johns. The choir will have the assistance of Mrs. MacDonald (nee Miss Dorotha Huestis), who, for a number of years, was leading soprano. The organ music and hymns at both services will be special for Thanksgiving.

Police Court News

Before C. J. Rutter, J.P., at the Red Deer police court, J. Day, farmer of Hill End, was charged with committing an assault upon his wife Maggie with intent to cause bodily harm. The case lasted two hours, at the conclusion of which the magistrate committed the defendant to take his trial at a higher court, admitting him to bail in his own surety of \$500 and one other surety of \$500. A. H. Russell for Crown; W. E. Payne for defendant. Constable Stratton, of the R.N.W.M.P., carried out the arrest against great difficulties, and he is to be commended upon the strong stand he took to see justice done. Mr. Stratton is a clean cut, intelligent member of the force and a credit to it.

Thanksgiving Services

The Venerable Archbishop Dewdney will preach at the Harvest Thanksgiving services in St. Luke's Church on Sunday next.
The services for the day will be: Holy Communion, 8 a.m.; Morning Prayer and Holy Communion, 11 a.m.; children's service, 2.30 p.m.; evening service, 7.30 p.m.
Gifts of grain, vegetables, fruit and flowers will be most acceptable if brought to the church not later than Friday noon.

RED DEER THEATRICAL CLUB'S PERFORMANCES THIS WEEK.

Tomorrow and Friday night the Red Deer Theatrical Club will give two performances in the Empress Theatre in aid of the hospital. The Club members, who have had considerable success before in this line, are all local amateurs, and have been working hard for this show, which no doubt they will put on in a creditable manner.

Eye rest for tired eyes is obtained from our scientifically fitted glasses.—H. H. Humber, graduate optician, Gaetz Avenue.

THANKSGIVING DAY.

Next Monday, October 20, has been set apart as a day of national thanksgiving to Almighty God for all his goodness towards us. Never in the history of the province have we had a more seasonable weather, such splendid crops of superior grain; and, although this is a year of financial stringency, we have much to be thankful for. May each give thanks as his heart dictates. We would ask each reader of The News to give five minutes of time Monday to consideration of what he or she has to be thankful for.

Wedding Bells

HAMILTON-YOUMANS.
An illuminated, home coming and a wedding supper greeted the return last Saturday evening of Mr. and Mrs. C. W. Hamilton, who were married at Wesley Church, Calgary, on the 8th inst., by Rev. A. C. Farrell, who was very popular as minister of the Methodist Church in Red Deer some years ago. The contracting parties were Miss Mary Alice Youmans, daughter of Mr. Jas. A. Youmans, and Mr. Clarence W. Hamilton, youngest son of Mr. Clarence Hamilton, Red Deer's leading and highly respected baker. After the wedding service the happy young couple went on to Banff, enjoying the magnificent mountain scenery, hot springs, etc., while Mrs. Leary, sister of the groom, who chaperoned the party, returned home here. Being near the end of the tourist season they found themselves almost alone in the immense C.P.R. hotel, but enjoyed themselves nevertheless.
Mr. C. W. Hamilton thus ends his career as a very efficient stenographer in the Red Deer Dominion Lands office, while her husband continues the banking business on Gaetz Ave. North. The best wishes of a host of friends will follow them. They will reside at 117 First St. S.E.

CARROLL-AGNEW.

On Monday, October 6, 1913, Miss Nellie Agnew was united in marriage to James E. Carroll, of this city. The ceremony was performed by Rev. Father Voisin at St. Agnes Church, Red Deer, in the presence of relatives and friends. The bride was Miss Stella Urick, of Edmonton, and the groomsmen were Mr. Richards, of Calgary. After the ceremony the bride and groom were repaired to the home of Mr. and Mrs. W. C. Donley (the latter being a sister of the bride), where a reception was held, after which a sumptuous wedding dinner was served. During the day dancing was enjoyed, and a musicale was rendered by Mrs. Finkle, of Wetaskiwin, and the Archdiocese of Calgary. Mr. Carroll's gift to the bride was a handsome gold watch. The bride's gift was a jewelled cross. The bride was attired in a tailored suit of brown broad cloth and wore hat to match. She carried white sweet peas with ferns. They received many beautiful presents, among them glass and silverware. The bride and groom were both left on a wedding tour for Calgary, Banff, Vancouver and other western points.

The bride's home was in Douglas, Ont., but for the past year she has resided here and has gained many friends. The groom has lived here for several years, and is connected with the C.P.R. He is highly respected by all who know him. After their return they will go to housekeeping in their new home recently erected by the groom at 122 Second Street N.E., Red Deer.

CLOWES-EMMERSON.

A very pretty wedding was celebrated at St. Luke's Church on Wednesday, October 8th, at three o'clock p.m., by the rector, between Miss Margaret Emerson, of Red Deer, and Mr. A. G. Clowes, Deputy Sheriff's assistant. The bride was attended by Miss Doris White, and was given away by Mr. R. L. Gaetz. Mr. L. F. Pace supported the groom. The service was partly choral, Mrs. Cottingham playing the organ. The bride looked very dainty in a dress of cream cloth with a white beaver hat, and carried a large bouquet of white roses and asparagus fern. The bridesmaid looked very dainty in a dress of white silk poplin.

At the home of Mrs. N. White, Fifth Street North, a reception was held, which was attended by a host of friends, and where dainty refreshments were served. The bride out the magnificent wedding cake, which was a present from Mr. G. Condi of the Aurora Cafe. The happy couple were given a rousing send-off on the evening train when they left to spend their honeymoon in Calgary and B.C. points. They were the recipients of many beautiful presents. On their return they will live on Victoria Ave.

The News joins with their host of friends in wishing that they may long be spared to enjoy a happy married life.

Found Dead on Road to Sylvan Lake

As L. Austin was driving home along the Sylvan Lake road, on Saturday night last, his horses shied badly at something lying in the road. He pulled up, and got out of his rig to find out what the object was, and to his surprise he discovered it to be the body of a man named Isaac Louma, who had evidently fallen from a vehicle and lay in a position which led him to believe that he was dead. Mr. Austin then drove to the nearest farm house and sent some of the inmates to the body while he drove on to Sylvan Lake and then phoned the Coroner, Dr. George, at Red Deer, of his discovery. Dr. George immediately notified the R.N.W.M.P. officer and to the fact of the man having fallen out of his rig while in a drunken sleep, and breaking his neck in the fall. Several people had passed the body earlier in the evening and noticed his condition with a bottle of liquor nearby. The team the deceased was driving had gone home, and were through Sylvan Lake, and were walking home when seen and took charge of by a neighbor. None of the goods were missing from the rig, showing that the team had not run away. Dr. George and the mounted policeman took the deceased home, near Rockville. He was about fifty-eight years of age, and leaves a widow.

Lineman Killed When He Touched Live Wire

Lacombe, Alta., Oct. 9.—Austin Edward Sutherland, a C.N.R. Lineman, was instantly killed a few miles south of here yesterday by coming in contact with a live wire. The town of Lacombe has a power plant on the Blindman River and the C.N.R. runs under the line conveying the electricity to the town. Yesterday the Canadian Northern company desired to make some changes in the town wires and instead of notifying the town electricians, proceeded to do it themselves, although they have been warned that it was not safe to touch the wires. Sutherland investigated and made the mistake of thinking the power was off and proceeded to work. All went well until he caught hold of the two wires, receiving a current of 6,000 volts, causing instant death. His fellow workers, removing him from the pole where he was held by his leather strap, and sent for medical assistance. Doctor Hynes soon arrived, but could not revive him.

Leslieville

Miss Schmidt, teacher of the Bingley school, and Miss Mildred Bradley, of Golden Heights, are visiting Miss B. Foreman.

Mr. and Mrs. R. S. Aikens, of Rocky Mountain House, are visiting Mrs. Aikens' parents, Mr. and Mrs. John Reilly.

R. O. Wright and Enar Anderson made a business trip to Red Deer last week.

Master Monte Hey entertained quite a number of his gentlemen friends last Sunday evening. The boys have a good time.

Mrs. Will Tipton and baby and Gladys Crowder spent a few days at the Mountain House last week.

William Butherford and Frank Peterson took quite a bunch of cattle down to Everts on Tuesday.

M. M. McLean, a former student on this field, preached Sunday, September 30th.

Willie Rodgers, of Solheima district, went up to his homestead west of Leslieville on Friday. He took in the dance Friday night.

The Leslieville sports held a dance on Friday, the 10th, in McKinnon's hall. Quite a number attended. R. O. Wright was master of ceremonies, while Miss Schmidt and H. Cameron supplied the music. The Foreman people supplied the midnight lunch.

The farmers in this locality report a splendid crop of potatoes, very large and good and dry.

Miss Bertha Reilly is visiting at the Mountain House this week.

Mr. Jas. Scully announced that he would preach his farewell sermon on Sunday, September the 12th, but Mr. Scully did not show up, so the people who had been waiting some time held a short song service.

Sunday School every Sunday at 2.30 p.m. Come and help, and bring another.

POPLAR RIDGE.

Mr. Jos. Patrick, of Cedarville, Mich., with her two children, is visiting her sister, Mrs. Fred Neilson.

Mr. and Mrs. Martin left last week for their home in Creston, B.C., after spending a few weeks with friends in the neighborhood.

Rev. Mr. Bennett held service last Sunday.

Record Shipment of Cattle From The Red Deer District

Probably one of the largest shipments of cattle that ever left Red Deer took place on Friday last, when twelve carloads were weighed and shipped out. The cattle were an exceptionally fine bunch, valued at about \$15,000. They had been bought in this district by Messrs. Packer and McMillan for P. Burns & Co. from the following farmers: Lund, Fitch, Pearson, Walker, Grimson, Engleklaut, Kaiser, Denison, Abbotts, Domoney, Leithard, Gaetz, Storey, Comfort, Lawrence, Jorgenson, Vincent, McDonald, Bethune, Barnett and Brayton. Some of the cattle were driven south by McMillan. The size and quality of such a number of cattle cannot fail to show what this district is capable of producing in fat stock.

EMPIRE THEATRE SCENERY.

Some very fine new scenery has been installed at the Empire Theatre, painted by local talent. One of the scenes represents a typical Alberta woodland, the other an

interior scene. These scenes, which are very creditable, have been painted by our local artist, H. G. Stone, and those who saw and appreciated his work for the dramatic society, will appreciate his efforts in the work just done. It is well worth a visit to the theatre on Thursday or Friday night of this week to see the scenery alone. The work has been very highly commended upon by companies that have played at Red Deer.

THE WEATHER.

So far we have been practically free from snow and severe storms. Monday afternoon the nasty snow squall which passed over the city only impressed one with the fact that winter is at hand. The snow had all disappeared by noon yesterday. Calgary had six inches of snow, and other points even more. Old timers tell us we will have an early and severe winter. We will not have a very severe winter without much snow. We will not have much snow unless it comes in November. November we believe is the worst month of the year. Prepare for it by having your outdoor work well in hand, get your storm windows on, and your coal bin filled with the needed fuel. Get your supply of good warm winter clothing early and you can then defy any kind of weather.

COUNCIL MEETING

The regular meeting of the City Council, held in the Council Chamber, Tuesday, October 8th, with Mayor Galbraith in the chair, and Aldermen Carswell, Carswell, Smith and Piper present.

Some discussion took place regarding the Commissioners' report not being in the hands of the Council in time enough for them to look into previous to meeting. Aldermen Piper and Carswell moved that the Commissioners be instructed to have their report in the hands of the Council the day before the Council meeting, if possible. Carried.

CORRESPONDENCE.

C. A. Julian Sharma was a letter to Mayor Galbraith on behalf of himself and partner Messrs. Barnes & Gibbs, architects, offering the Council acceptance of a sketch of a suggested scheme for a civic centre for Red Deer. He suggested that the City have a plan made as we would like to see it in 1950, so that any public works or improvement may be made a part of a definite scheme, and as a first step he would like to see the Council prohibit the C.N.R. from running a side track through the centre of what is called the "Garden of Alberta."

Moved by Aldermen Smith and Carswell—that this Council return its sincere thanks to C. A. Julian Sharma and Messrs. Barnes & Gibbs, architects, for their sketch of a suggested scheme for a civic centre for Red Deer, and are glad to recognize their continued interest and well being and beautifying of the city, and beg to assure them also that the Council will not be inattentive to their further suggestions. Carried.

A letter was read from the Calgary branch of the Canadian Association for prevention of tuberculosis to send a delegate for the meeting in Calgary on Wednesday, October 22nd. The letter pointed out that the city of Calgary had passed a \$30,000 by-law for the purposes of erecting a hospital for tuberculosis patients. Alex Hawkins, Binscarth, Manitoba, sent a letter enquiring if the City had a moving picture show, and amount of license for same; and if the City was supplied with electric light. Answered.

The Deputy Minister of Municipalities advised the Council by letter that it is the intention to have the charters of all the cities in the province amended at the present session of the legislature, so that no City will have power to grant a bonus of any kind to any person, company or corporation for the construction, establishment or operation of any manufacturing, mill, railway, or any other business, or any whatsoever, either within or without the municipality.

A reply was received from the department of the C.P.R. Natural Resources in reference to an expert on natural gas. Filed.

Messrs. Greene & Payne returned to Council the petition requesting the amendment with regard to sale of goods and license for same. Filed.

R. E. Chamberlain, of Calgary, wrote the Council saying that he would submit his proposition relating to natural gas to the Council in person at an early date.

A letter was received from J. Carlyle Moore regarding the City of the City limits, requesting the Council to give him the opportunity of being heard on behalf of John T. Moore and the estate of Annie Moore before any further action was taken. Filed.

S. Pamel asked for the use of the City Hall between the hours of 3 p.m. and 5 p.m., November 26, for the Alberta Natural History Society annual meeting. Granted.

The City auditor of Edmonton wrote for information on certain by-laws. Filed.

H. Voisin, of North Red Deer, advised the Council of the vacancy on the Separate School Board, No. 17, by the death of A. D. Pursh, and asked that the necessary steps be taken to fill the vacancy.

A letter was read from John Stueck, civil engineer, Victoria, B.C., relating to municipal improvements, offering services if required. Filed.

C. A. Little, locomotive foreman, C.P.R., asked for some assurance that a sidewalk would be built from Gaetz Ave. to railroad crossing on Douglas St., without delay, otherwise he would have to take the matter up with the superintendent's office at Calgary. Filed.

Letters re. debentures were read from C. H. Burgess & Co., Toronto, Brent, Nason & Co., Toronto, and Mercantile Trust Company of Canada.

The C.P.R. prosecuted two cases under the railway act, allowing the costs to go to the City, the information having been given by the City police. Three are lights unlit. Two prisoners had escaped, and two women had been charged with drunkenness. Motions carried during the month, \$50.00.

Messrs. Seymour & Dave wrote regarding septic tank, enclosing a design they had prepared, and asking Council's opinion on it. After discussion, Aldermen Carswell and Piper moved that the septic tank, designed by Seymour & Dave, be approved by the Council for buildings in Red Deer where sewer connection cannot be obtained. Carried.

COMMISSIONERS' REPORT.

The Commissioners brought in the following report:
Reading the letter of Seymour & Dave asking for the City to approve the use of a septic tank designed by them, which was referred to us for a report, we beg to report that we have no means of ascertaining the value of this tank without getting the advice of an outside engineer, but it is undoubtedly an improvement on many of the so-called septic tanks used at present, which are simply cess pools. We can see no reason for not approving of the use of this tank, but we recommend that any house accessible to a sewer be compelled to connect with the sewer if modern conveniences are installed in the house.

Notices have been posted in the City parks that persons found carrying firearms therein would be prosecuted, and the police have been instructed to strictly enforce this.

Since September 1st the following pieces of business have been found unlooked by the night police: W. M. Jarvis, twice; Smith & Wilson Land Co., four times; J. Brazier; P. Pidgeon; Merchants Bank, twice; Bank of Commerce, Latimer & Botterill, twice; Bank of Montreal; Day Hardware Co.; H. G. Munro; H. G. Stone.

Report of inspection of Red Deer by Western Canada Fire Underwriters' Association is submitted herewith.

Reports of M.H.O., Chief of Police, and Fire Chief for September are submitted herewith.

Regarding the letter of N. White re. water service, we beg to state that we have discussed with Engineer Dave the question of erecting this service from frost in the winter time, and there does not appear to be any possible scheme for protecting it without great expense. Twelve feet of water being dug up around the street, and the pipe was lowered as much as possible and protected with sawdust and manure, but the grave filling was not sufficient to keep the water being so near the surface making it impossible to keep the frost out. We submit letter from Greene & Payne regarding the matter.

We submit statement of receipts and disbursements for September.

We submit herewith for your consideration the following by-laws: Respecting the installation and use of electric current in buildings; to appoint an inspector of electric wiring; to hold an election for school trustee.

We submit herewith accounts for your authorization to pay:

The work of extending the waterworks intake pipe into the river should be completed this week. We recommend that local improvements by-laws be prepared covering the following 4 ft. plank walks that were advertised last May.

Plank walks, 4 feet wide: On Halley St., East side, from 5th St. to Crescent Ave., on Centre St., West side, from 5th St. to Crescent Ave., on Bank St., West side, from Crescent Ave. to Ross St., on 3rd Ave. E., East side, from Ross Street to 1st St. S.; on 2nd St. S., North side, from 3rd Ave. E. to Roland Ave., on Grandview Ave., East side, from 3rd Ave. E. to 1st St. S.; on 1st St. S., North side, from Grandview Ave. to Chester Ave., on 2nd St. S., South side, from 3rd Ave. E. to 2nd Ave. E.; on 1st Ave. E., East side, from 4th St. S. to 5th St. S.; on 4th St. S., North side, from 3rd Ave. E. to Roland Ave., on 5th St. S., North side, from Gaetz Ave. to C. & E. Railway.

That temporary two-plank walks be built: On 2nd St. S., South side, from Waskasau Ave. to Centre St.; on 1st St. S., South side, from 3rd Ave. E. to Roland Ave.; on 5th St. S., North side, from Gaetz Ave. to C. & E. Railway.

We believe that in a short time there will be a demand for cement walks and boulevards on the two former streets, and it would be poor policy to build plank walks there at present. The same agreement applies to the walks advertised on East Ave., East side, from 5th St. N. to North side of Lot 9, Block D. On this street we will have crossings built for the present. We hope walks laid this fall.

All of which is respectfully submitted.

Commerce 2,228.08, Public School 130.71, W. G. E. Co., telephone 103.67, Employers' L. Assoc. Co. 5.00, C.P.R. Telephone Department 2.05, W. G. E. Co. 429.00, Wm. Springfield 5.50, The Day Hardware 14.18, Fireman's pay sheet, 59.85.

Moved by Aldermen Carswell and Piper—with respect to the Western Canada Fire Underwriter Association's report of inspection of Red Deer, the Commissioners be instructed to investigate and report as to the recommendations contained therein. Carried.

The Medical Health Officer's report for September was submitted. In regard to the old course of the creek in the Oak, Hammond & Nanton property, he suggested that the public be given permission to jump refuse there from now on till spring, as it could then easily be covered by earth.

Sollicitor Greene gave his opinion that owners of lots might object to having horse manure and rubbish dumped on their lots, and he thought they would have good grounds for their objections.

Aldermen Carswell moved that if horse manure was dumped there and immediately covered with ashes or earth, it might be alright, otherwise it was bound to lead and be a nuisance to people living in the south end.

The solicitor thought if a few feet of the creek bottom was filled up it would do away with the water nuisance.

Moved by Aldermen Carswell and Smith—that the question of filling the old creek bed on Gaetz Ave. South be referred to the Commissioners to bring in a report as to probable cost and any other information they may think wise on the matter. Carried.

THE CITY CHARTER.

G. W. Greene, City Solicitor, was present and gave the Council a full report as to his actions on the new City charter before the committee in the Legislature at Edmonton. He advised the Council to have someone present when the bill was presented to the House as a committee of the whole for final reading, because there were certain parts that needed careful explanation or they might be in danger of getting turned down.

Moved by Aldermen Carswell and Piper—that the Council think it wise to have G. W. Greene, City Solicitor, appear at Edmonton when the City bill is brought up before the committee of the whole in the Legislature, and that he be accordingly asked to do so without further notice. Carried.

By-law No. 342, to elect School Trustees for Separate School, was read a 1st, 2nd and 3rd time and finally passed. The Mayor and Secretary-Treasurer to sign same in open Council.

The election of a school trustee for the Separate School District, to fill the place caused by the death of George Matton, will be held on October 17th.

The Commissioners reported on the matter of the agreement with the Western General about the tungsten rights. While they had no considerable progress, they had not been able to agree altogether, and the matter would have to be again considered later on.

Council adjourned at 11:30.

The Answer

(Regina Weekly Province)

On Tuesday last the Morning Leader asked "Who are the Separatists in Canada?"

Yesterday it published an article calling for an increase in the British Prefecture and ultimate Free Trade with Great Britain. It stated that "by increasing the British preference and working for absolute free trade with the United Kingdom the Premier and his colleagues will 'offend' the manufacturers and all the interests allied with the manufacturers."

There is the answer to its question. The Leader is deliberately attempting, for political purposes, to engender a strife between two sections of the population in Canada.

It is trying to split Canada into two distinct parts; to convince the West that its interests are diametrically opposed to those of the East.

It wishes to make grain growers believe that industrial development is incompatible with agricultural prosperity.

It strives to make the farmers believe that the manufacturers and all the interests allied with them (including the mechanic and artisan) are a body of parasites who should be exterminated by the policy of the Dominion government.

It wishes to picture these manufacturers as absolutely careless of the needs of the great west on which they themselves are directly dependent.

It would arouse class hatred, instil mutual suspicion, enslave this nation in two in order that it might catch a few extra votes from its dupes.

It ignores the fact that manufacturers and agriculture are interdependent; it ignores the fact that the farmer requires the manufacturer as the manufacturer requires the farmer; it ignores the fact that even in the West manufacturers are needed; it ignores the fact that good farmers are needed by the manufacturers; it ignores the fact that between all classes are necessary if this nation is to be a strong and united whole; it ignores every consideration of loyalty to Canada in a wretched attempt to secure some petty party gain.

It has answered its own question. "Who are the Separatists in Canada?"

Mother Country Watches With Interest Development of Oil Prospects in Northwest

Winston Churchill Intimates That The Battleships of Great Britain Will Help to Make a Market For Fuel Oil That May Be Found.

Montreal, October 1.—From silver to natural gas is a far cry, but it is sounded in a couple of bulletins just issued by the geological survey, a full treatise of the oil and gas prospects of the northwest provinces and the supply of precious metals to be found in the Gownganda district.

In view of the coming use of oil fuel in battleships, regarding which the first lord of the admiralty, Rt. Hon. Winston Churchill, in a recent speech stated that the British government was investigating possible sources of supply in various parts of the empire, the fact that Western Canada may be rich in the petroleum of the raw product is of more than usual interest.

There is another reason why the bulletin goes as follows.

OIL DEPOSITS IN THE WEST.

"As the world is waking to the possibilities of the great western plains of Canada as an agricultural country, there is every year a great influx of settlers from Europe, the United States and the older Canadian provinces, and this will continue until the northwest becomes the home of millions of agriculturists. With the increased demand for material for light and fuel so that the finding of a market for oil and gas will be an easy problem, and the demand will be sufficiently great to stimulate the efforts of drillers."

In regard to the actual working of the deposits the bulletin states that little has been done yet to test the oil and gas possibilities of the district. A few wells have been sunk in search of a number of these gas in commercial quantities have been struck. Prospecting for oil has been less successful, and its presence in commercial quantities remains to be proved.

GOWGANDA'S SILVER DEPOSITS

The most interesting statement in the bulletin on Gowganda's silver deposits is one which refers to the lack of depth of veins. "Few of the veins working are over 150 feet deep," it states, "so comparatively little is known about the vertical extent of mineralization. Some inferences may be drawn, however, from a number of other facts."

Apparently the veins do not extend far above or below the diabase sills, and the thickness of the latter determines the depth to which they may go. The ore occurs in distinct veins of small size, very large ones are 18 inches or three feet wide or more, and are from half an inch to a foot.

We Lead The World In High Cost of Living

(The Homestead)

There are two sides to Canada being first of the world's civilized nations. One is the high cost of living. There are those who will insist that this is a sure sign of coming trouble and that we are too extravagant and wasteful. On the other hand, there is a bright side to the situation: the fact that a country always lives as well as it can afford, and a country that is living highest must be able to afford it, and it is therefore making money faster than any other nation and is more prosperous. The Chinese and Japanese are poorer than the rest of the world because they have to live. They have become used to cheap living because it has been forced on them by centuries. European countries live according to their prosperity of population and producing power—the more the average family earns, the higher the national standard of living. Hence, when some relatively cities statistics to prove that Canada's living expenses are higher than any other country and the Dominion is sure to go to the bow-wow unless we quit eating anything but oatmeal and wheat cakes and wearing anything more expensive than overalls, we should give him the answer. Everybody knows as well as he can afford; that's what money is earned for. If Canada is living high, the country can afford it; otherwise it should raise more of the things we buy, or else trim the tariff.

Teachers' Convention; Stettler Inspectorate

A convention of the teachers in the newly formed inspectorate with centre at Stettler has been called to meet there on the 30th and 31st of October. The western boundary of the inspectorate includes the school districts of (Drummond), Sargent, North Star, Sainwood, Cumberland, Balgownie No. 1007, and Wyndham.

A good programme has been arranged, consisting of papers by Superintendent McGinnis, Edmonton; Inspectors Scott, Hardisty, Nelson, Wetaskiwin; Thibodeau, Lacombe; Mr. Tracey; Miss Rowe, and Miss Lee.

MR. MICHENER'S ILLNESS.

Since Mr. Michener passed through his operation for appendicitis, on Friday last, the pronounced sympathy expressed on all sides with him from friends and foes alike must make him feel that after all it is worth while to fight a good fight, clean, honorable and true.

Premier Sifton was one of the first to express sympathy. He said in the House: "I was very glad to learn that Mr. Michener withstood the shock of the operation. It is unfortunate for the opposition that they should be deprived of the presence of their leader at this time, and I sincerely hope that he will soon be able to resume his public duties. I know what it is to lose a friend and especially during the stress of a session, and I trust that Mr. Michener's condition will not cause further anxiety to all of us as it has for the past forty-eight hours."

Mr. Michener's kindly nature cannot but respond to these tokens of regard, and they will aid in a speedy recovery.

In Red Deer more than anywhere else, perhaps, was the news received with alarm, but as the operation was performed almost before word was sent, the fear subsided as it was learned the operation was a success, and that he was on the road to a complete recovery.

CHATEAUGUAY.

One of the greatest victories ever won by the Conservative party was that won on Saturday last, when the constituency of Chateaugay, Quebec, returned a Conservative by the handsome majority of nearly one hundred and fifty.

Since Confederation this constituency has been represented by a Liberal, and has always lived up to the traditions of the Liberal party. Three-fourths of the electors are French-Canadians, while the other quarter are English speaking. A Liberal win would only have been natural under the circumstances, especially as the Hon. Sydney Fisher was the Liberal candidate. But the people of Chateaugay have spoken, and they have dealt a crushing blow to Sir Wilfrid Laurier and the pretensions of the Liberal party. They have said we are a loyal people and stand by Mr. Borden in his naval policy. They have said we wish to condemn by our votes the race and creed cry raised by the Liberal party for political purposes. They have said, we, the people of Quebec, can think for ourselves as well as the rest of the people of Canada, and we are satisfied with Mr. Borden and his policy, and sick and tired of the obstructions of the Liberal party in the House of Commons, and denounce the whole bunch at this, our first opportunity of doing so.

Now just hear the Grit papers howl corruption in Chateaugay. It was ever thus. It is a good thing they have this knot hole to crawl through.

The Montreal Daily Telegraph said Mr. Morris, the Conservative candidate in Chateaugay, was standing on a flimsy platform in unsafe hands. Well, it was quite sound enough for the people of that riding, who elected Mr. Morris by nearly two hundred of a majority.

The Brooks Bulletin, speaking of the millions to be expended on the A. & G. W., hits the nail on the head when it says, "It is our opinion seven million dollars' worth of good roads and bridges would have appealed far more to the vast majority of Alberta farmers."

Sir Wilfrid Laurier said in an address in Chateaugay, last week: "My friend Mr. Fisher was defeated in Brome. I think it was a lucky thing for the people of Chateaugay that he was defeated there, because he will have the honor of representing Chateaugay at the next session in the House of Commons."

Nix, Sir Will, you naughty boy; go away back and sit down.

A short time ago a \$30,000 stock yard by-law was passed in Calgary. Now it transpires \$150,000 will be needed for the purchase of adequate

stock yards for the southern metropolis. Of course, there is no hint of graft in connection with the matter, but only a misapprehension as to the amount the people would stand being soaked for. By the time five hundred thousand or a million dollars have been expended in the enterprise, it will probably be well under way.

Hon. "Bob" Rogers is a wonder. He gets all the credit for the Liberal slump in Chateaugay. The Liberal press will now be troubled with Hon. Bobophobia till the "cows come home" or until the genial Robert bobs up serenely in some other fertile spot on the footstool and drives sundry and other nails into the coffin of the free trade-reciprocity, commercial union bunch, who are dying to the tune of slow music so fast that they will be all buried by Christmas.

Fire in North Red Deer

Mr. W. S. Farnell's residence, adjoining the North Red Deer line on the west, was completely destroyed by fire on Tuesday evening, very little of the furniture being saved. There was nobody at home when the fire started, Mr. Farnell and his family being out to a meeting across the road at Mrs. Fallows'. Mrs. Meredith, a neighbor, was the first to discover the fire and she alarmed Mr. Farnell, who rushed over, broke in through a window, and ran up the stairs, but found the fire had made such headway in the upper part of the house that he could not reach the second floor. He got out some furniture in a front room, and then attempted to save some of the pantry stuff, but the fire caught him here, and he had to jump through the window to escape. The family dog was subsequently missed, and it is supposed he perished in the basement. The fire is supposed to have started from the stovepipe or chimney. The loss in house and furniture would run over \$3,000, on which there is an insurance of \$1,500.

Sport Notes

We congratulate Percy Smith on his re-instatement into the amateur ranks.

Ulian, on October 10th, created a new world's record for trotting, doing the mile in 1.54.

The world's record for a quarter mile has been beaten by Ulian, who did the distance on Oct. 7th in 27 seconds.

Francis Ouimet, the young golfer who defeated Vardon and Ray, the English champions, in the American championship, is not, as first reported, a Canadian. He was born twenty years ago in Brookline, U.S.A.

The prospects of the Old Country having a good representative team at the next Olympiad in 1916 do not look any too bright. What's the reason that the Colonies and Great Britain do not get together and have an Empire team. There would be something doing then.

On Saturday, September 20th, eleven aviators started on a 94 mile circuit of London, England, starting and finishing at Hendon, and the Daily Mail prize of a gold cup and \$1,000. The race was won by Gustav Hanzel, of France, in the remarkable time of 1 hour, 15 minutes, and 45 seconds, which works out at about 78 miles per hour.

Red Deer football sporting circles have lost another good player, and football enthusiasm in the person of Robt. Brydie, who has left this district to take up a position on the C.P.R. construction staff at Winnipeg. Bob was a good player in his day, but inclined to be erratic and a little given to wanting his own way; but at the same time he was a genuine lover of the game, and was always as ready as the best to shoulder a little work for the good of the game. He was the prime mover in the formation of the Callies' team, being a brave Scotch laddie himself, and the team will miss him very much in the coming season. While Bob may not be seen again donning the jersey and boots, he will certainly be both seen and heard on the playing fields at Winnipeg. Just as well try to stop his porridge as stop his interest in football.

WORLD'S BASEBALL SERIES IN BRIEF.

Tuesday, October 7th.—The Athletics out-played and defeated the Giants at New York by score of 4-1.

Wednesday, October 8th.—The Giants defeated the Athletics in Philadelphia by 3-4 in a 10 innings game.

Tuesday, October 7th.—The Athletics defeated the Giants at New York by the score of 8-2. Leslie Bush, a young pitcher who was making his debut in a world's series, was the cause of the Giants' downfall. He was ably assisted by his hard-hitting club mates.

Friday, October 10th.—The Athletics at Philadelphia beat the Giants by 6-5. The Athletics were leading 6-0 till the 7th inning, when the Giants started a batting rally and scored 5 runs. It was a most exciting finish.

Saturday, Oct. 11th.—The Athletics defeated the Giants at New York by 3-1, winning the series and the world's championship.

Mr. Michener Stricken
With AppendicitisPASSED THROUGH OPERATION
FRIDAY AFTERNOON

Now On Way To Recovery

ARDUOUS DUTIES CAUSE BREAKDOWN

Edward Michener, M.P.P. for Red Deer, and leader of the Opposition in the legislature, was taken seriously ill in the legislature in the session Thursday afternoon, and was compelled to leave the House and ordered by his doctors to take to his bed.

Much of the work of leading the fight which the Opposition has been making against the revival of the old A. and G. W. legislation by the Sifton-Cross government has been led under the immediate direction of Mr. Michener. The strain has considerably impaired a constitution which had been in poor health for some months past. Mr. Michener was in but very indifferent health when speaking all over the province in behalf of the Opposition during the last election. He tried his health very considerably, especially as he had been under medical supervision almost continuously for some time previous. He has scarcely been able to regain a complete return to health since the election, although he endeavored to do so by taking a trip to the south. The result was that he was not in the best health when the present session began.

Threatened Duration Remained. Although Mr. Michener remained in the house continuously during every sitting, he complained in private an old apprehended attack of appendicitis threatened him. It was further aggravated by the added strain of this week's sittings of the House, which has been extremely arduous for everyone in attendance at the legislature. Mr. Michener spoke last in the House for nearly an hour on Thursday morning, at two o'clock, close to the end of the thirteen-hour session. That speech was regarded by many who heard it as one of the best he has ever delivered. He condemned the attitude being taken by the government in connection with its present revival of the A. and G. W., and sought to have the government perceive that in forcing this legislation it is doing an injustice to the province. He contended

that the solution should be found along business lines, and pointed out that the people of the province will have to be shown why the government invites one contractor to build the road at a price far above that at which other contractors are willing to undertake the work. And he suggested some of the very serious consequences to which the inconsistencies of the government must inevitably lead the province within the next few years.

May Be Operated Upon. That speech showed in it none of the suffering being borne by Mr. Michener while it was being delivered. But no sooner had he finished than he had to be driven in an automobile to his hotel, the Alberta. He was in his usual seat at the head of the Opposition when the legislature reassembled again yesterday afternoon. But not for long. He felt quite seriously ill, he had to leave the chamber. Hurried consultation among some of the doctors who are members of the house indicated that the leader was suffering from an attack of appendicitis. It had been threatening him during the whole session. He was conveyed immediately to his bed, where Dr. Stanley, member for High River, and Dr. Blow, member for South Calgary, attended him. They called in Dr. E. W. Allen in consultation.

Mr. Michener was reported Friday morning to be somewhat relieved; but at that time his removal to the hospital for an operation was not decided upon.

Friday morning it was decided to perform an operation, and by five o'clock he was through the operation, and by six o'clock word was received in Red Deer that he was doing as well as could be expected. Saturday morning he was resting quietly, having had a good night, and everything pointed to a speedy recovery. Saturday noon he was still doing well, and Sunday saw him on the mend, and Monday's word confirmed the physicians' favorable dispatches, that he was practically out of danger. Yesterday the last word was that Mr. Michener was rapidly improving, and would soon be able to be around again. As soon as the news arrived that Mr. Michener was ill, the Conservative Association instructed the Edmonton florist to place a bouquet every day on his desk in the assembly when it was in session, and also that a bouquet be sent to his room at the hospital.

Students
of Human
Anatomy

There are students of "human anatomy," just as there are students of science, arts, agriculture, or any of the professions.

You'll find them in the Hoberlin tailor shops. The men who cut the cloth in these big tailor shops are more than "mere" cutters. "They're Students of Human Anatomy."

As no two persons are built alike, you can readily see the importance of scientific knowledge, which will enable the designer to draft a pattern suited to the special requirements of the man who is to wear the clothes.

Hoberlin designers possess that "sixth sense" which finds expression in the artistic, stylish, well-fitting garments that have made the name Hoberlin to signify "all that is best in tailoring."

sons having claims upon the estate
of the said Mary McFaul, who died
on the 16th September, 1912, are
required to file with the undersigned
Executor of the Estate of her
will, by the 15th November, 1913, a
full statement, duly verified, of their
claims and of any securities held by
them, and that after that date the
administrator will distribute the
assets of the deceased among the
parties entitled thereto, having re-
gard only to the claims of which
notice has been so filed.
Dated this 3rd day of October, 1913.

FRANK E. EATON,
Herald Block, Calgary, Alta.
Solicitor for the Executor.
Oct. 8, 3w.

A WONDERFUL DISCOVERY

An eminent scientist, the other day,
gave his opinion that the most won-
derful discovery of recent years was
the discovery of Zam-Buk. (Just
think!) As soon as a single thin layer
of Zam-Buk is applied to a wound or
a sore, such injury is insured against
bacterial poison! Not one species of
microbe has been found that Zam-Buk
does not kill!

Then again, As soon as Zam-Buk is
applied to a sore, or a cut, or to
skin diseases, it stops the smarting.
That is why children are such friends
of Zam-Buk. They are nothing but
the science of the thing. All they
know is that Zam-Buk stops their
pain. Mothers should never forget this.
Again, As soon as Zam-Buk is
applied to a wound or to a diseased
part, the cells beneath the skin's sur-
face are so stimulated that new
healthy tissue is quickly formed. This
forming of fresh healthy tissue from
below is Zam-Buk's secret of healing.
The tissue thus formed is worked up
to the surface and literally casts off
the diseased tissue above it. This is
why Zam-Buk cures are permanent.
Only the other day Dr. March,
of 101 Dufferin Ave., Montreal, called
upon the Zam-Buk Company and told
them that for over twenty-five years
he had been a martyr to eczema. His
hands were at one time so covered
with sores that he had to sleep in
gloves. Four years ago Zam-Buk was
introduced to him, and in a few
months it cured him. To-day—over
three years after his cure of a disease
he had for twenty-five years—he is
still cured, and has had no trace of
any return of the eczema!
All druggists sell Zam-Buk at 50c.
box, or we will send free trial box if
you send this advertisement and a
stamp (to pay return postage). Ad-
dress Zam-Buk Co., Toronto.

THE DAINTY "FLIPPER"

A Delicacy in Newfoundland Asso-
ciated With the Sealing Season

A dainty peculiar to Newfoundland
which so far has received little at-
tention is the seal's flipper or flipper
it is the paw with which the seal
propels itself through the water. It
is esteemed by the people of the is-
land as one of their greatest delicacies.
A flipper weighs about a pound, and
when the seal ships begin to arrive
in St. John's most people begin to
talk about securing "a meal of flippers."
Small boys and others swarm about
the fishermen, and the crews are im-
ported to supply these dainties to
all who ask for them. In the olden
times they were given away freely,
but latterly it is not uncommon for
fifty cents a pair (six on a string) to
be asked for them, while many among
the crews now make a practice of
salting quantities into barrels for their
own consumption during the summer.
A fresh flipper makes a most appetiz-
ing meal. The method of cooking them
is to wash them thoroughly in fresh
water, then soak them in water in
which salt has been dissolved; next
transfer them to a baking pan or pot
with slices of potatoes or turnips, and
being cooked over a hot fire they are
as delicate of flavor and taste as the
finest of veal.

Among all the capitalists in St.
John's interested in the sealing in-
dustry, flipper suppers, with the ac-
companyment of champagne, etcetera,
are the invariable rule as the ships
come in, and owners, captains, and
other indulge annually in these re-
pasts at some of the hotels or inns
near the city. Very many family par-
ties also partake of the unusual dish,
and among the poorer classes flippers
are looked upon as a great and won-
derful luxury, a change from the usual
dietary and one that is beyond all
question nourishing and healthy. Ro-
man Catholics likewise patronize flip-
pers largely because as the seal is an
amphibious animal, it is not meat,
and may be eaten during the Lenten
season or fast days. All round the
north and west coasts, where the
seals are often taken close in shore,
they are a recognized item in the
daily menu—not alone flippers but the
arcades as well. These are perhaps
more appetizing than the flipper
because they are less fat per-
centing them, but, of course, space
is too valuable aboard the ship to
allow of carcasses being brought home
for consumption, they being worth-
less for any other purpose, and seal
paws being valued at \$100 a ton dead
weight.

Farm Life
and Health

Many farmers never send for a doc-
tor from one year's end to another.
But this is not a sure indication that
they and their families are perfectly
healthy.

You—for instance—may not have had
the doctor for years. Yet it is safe to
say that you DON'T always feel fit
and well. Many are in the way you
don't feel like working. You may not
have to stay in bed but you DON'T
feel just "right."

That miserable, feeling is usually
caused by indigestion, Dyspepsia, or
Biliousness.

You would welcome relief if you
could get it—wouldn't you? Well, you
can get relief—any time you need it—
quick and positive relief. Take 15 drops
of Mother Seigel's Curative Syrup—
the great English remedy for ALL
stomach disorders. It will set your
stomach RIGHT and KEEP it right.
It's almost purely herbal—Nature's own
remedy for sick stomachs. It has been
used in England for over 40 years.
There it is the Standard remedy for
weak digestions.

Get Mother Seigel's Curative Syrup.
Take it regularly. Then note the im-
provement in your health.

Price, \$1.00. Trial size, 50c.

WOLVES AND BUFFALO

Extermination of Wood-Buffer Threat-
ened by Wolves

Investigations carried on by the
Forestry Branch of the Dominion Gov-
ernment have proven conclusively
that several large herds of wild buffalo
are still to be found in the hilly coun-
try on the northern boundary of Al-
berta, in the neighborhood of the Slave
River. A party working under the
direction of A. J. Bell, the Govern-
ment agent at Fort Smith, made a
study of the habits, and obtained
photographs of these buffalo, which
are identical in appearance with the
former buffalo of the plains, the re-
mains of which were forced to seek
shelter in the timbered fastnesses of
the north.

These wood-buffalo, when fully
grown, are able to defend themselves
against their natural enemies, but in
the winter, before the young yearlings
have attained full strength, they fre-
quently fall victims to the timber-
wolves. Bands of these wolves hover
around the flanks of the buffalo herds
as they pass in single file from one
feeding-ground to another, waiting for
the opportunity to cut off a young
animal and drive it from the track
into the deep snow, where it is
unable either to escape or to defend
itself.

Partly eaten carcasses were found
by the investigating party, which
clearly indicated that the wolves were
the cause. These great timber-wolves
are of large size, and are very nume-
rous in this region, where they menace
the existence, not only of the wood-
buffalo, but of other game as well.
The Dominion Government already
offers a bounty of twenty dollars
apiece for their destruction, but so
sparsely inhabited is the region, and
so clever are the wolves in avoiding
traps, that the present bounty has had
little effect in reducing their numbers.
It is possible that the Dominion Gov-
ernment will raise the bounty here to
forty dollars in the hope of rid-
ding the regions of these pests and
of preventing the extinction of the
last wild bison in existence.

USES FOR SAWDUST

A Former Waste Product is Now Ex-
tensively Employed

Not so very long ago about the only
real use anyone had for sawdust was
for packing ice. It was a waste prod-
uct, and small local saw mills were com-
mon, and the amount of this form of
waste wood was, at any rate ap-
peared, comparatively small. Now,
when the tendency is to consolidate
these into large mills with a capacity
of several million board feet, sawdust
is seen to be enormous and much
experimenting is being done to
discover new methods of utilizing it.
Perhaps the most promising venture in
sawdust utilization in Canada is the
manufacture of ethyl (or grain) al-
cohol. The sawdust is treated with
sulphuric acid under suitable con-
ditions, resulting in the formation of
sugar, which is then fermented to
produce alcohol. Several plants have
been erected to produce alcohol from
wood in this manner, and, though
there are some difficulties still to be
overcome, the process is being com-
pressed on a commercial scale as a
simple process. The shavings and
sawdust are first steam-dried, the
water contained in the wood being
thus evaporated and the resin almost
liquefied. The sawdust is then com-
pressed under heat into briquets,
the desired size, the contained resin
acting as a binder. A firm in Van-
couver is engaged in a similar line
of manufacture, the sawdust being com-
pressed into a cylindrical tube where
it is cut into short lengths by a re-
volving knife, emerging in the form
of small round briquets. These bri-
quets are clean to handle, easy to
kindle, and leave no residue. In
England sugar is manufactured on a
commercial scale by treating sawdust
with closed retorts with weak sulphuric
acid under high pressure. In Austin,
Texas, also a plant is being built to
manufacture stock food from sawdust,
by a somewhat similar process. The
tar, pitch and turpentine are removed
from the sawdust leaving only sugar
and fibre to which is added forty per
cent. of cottonseed meal. The mix-
ture is sold for fattening cattle. Two
other methods of clean sawdust
and sound-proof floor, to which
carpets can be tacked with less in-
jury than to a board floor, and which
has the advantage over a cement floor
in being more elastic. These qualities
should win an extensive use for this
form of flooring, which has the ad-
ditional advantage that it can be
stained to harmonize with interior
finishes by the addition of color to
the mixture, while in a semi-gloss
state. The sawdust of certain kinds
of woods is used in considerable quan-
tities by manufacturers for metal
polish, for packing, for metal curing,
for making safety explosives, and com-
position novelties, and for fibre and
pulp manufacture. Patent cleaning
powders for use on carpets and rugs
consist principally of sawdust, lightly
moistened by some cheap mineral oil.

ARE YOU READY FOR THANKSGIVING

EVERYBODY BUT THE TURKEY LOOKS FORWARD WITH JOY TO THANKSGIVING. BUT THE TURKEY WILL BE READY WHEN THE DAY COMES. WILL YOU? YOU WILL, IF YOU DROP INTO OUR STORE.

WE HAVE SUCH LUSTROUS DAMASK AND LINENS FOR YOUR TABLE, SUCH A COMPLETE ASSORTMENT OF DRESS GOODS, READY-TO-WEAR GARMENTS AND ALL BEAUTIFUL THINGS TO WEAR, THAT YOU WILL BUY AT ONCE EVERYTHING NECESSARY, AND BE BOTH READY AND THANKFUL WHEN THANKSGIVING DAY ARRIVES.

YOU WANT TO SAVE MONEY--WE'LL HELP YOU

To do this we want your business, and we can then help you for the following reasons:

- 1st. Because we are buying direct from the mills and manufacturers, thereby saving the middleman's profit.
- 2nd. We are buying for CASH, and are thus able to take advantage of every available discount.

Our representatives, F. H. & R. C. McLEAN, are in the East buying from the best manufacturers at prices the small dealers cannot touch, and is able to take advantage of the best markets, so that we do not have to rely upon the travellers' periodical visits.

THANKSGIVING LINENS

LEADERS WANTED.

Dear Friends,—I wish to make an appeal to you on our girls' behalf. At our convention held in Moose Jaw, in 1912, only one "Y" was represented. A little later one more was added. Since then there has not been a single one reported. Can you believe that in all this province there are only two unions with a "Y"? What is the reason of this? The answer comes, "No leaders." Surely there can be found in most, if not all our unions, at least one woman capable and ready to lead a band of willing girls and instill the principles of temperance and purity.

When our children are past the age of L.T.L. work, are they to drift away? Easy enough to let them drift, dear sisters, but not so easy to recall. In these days of temptation, when dangers lurk at every turn, there must be no empty space between the child and the woman, but careful instruction and training suitable for all ages must be filled in. What suits the child of twelve will not do for the girl of eighteen. Another thing. Our girls must be prepared to take our places, or when the time comes, as it surely will, that we shall be laid aside, our work must go to the wall because there are none left to carry it on.

ELIZABETH DENNY.

THE ASSEMBLING OF OURSELVES TOGETHER.

This is an age of publicity, and consequently, of exhibitions and conventions. The latter gives a chance to the public to hear and see in actual working some of the wonderful things, and persons of the most effective means of publicity, the modern newspaper. This seems to be a year of great opportunities. In Budapest, Hungary, last June, the International Conventions of the Suffrage organizations of every nation on earth was held. The following month the World's Seventh Sunday School Convention was held in Zurich. During June and July the Ghent Exposition was open, etc., etc., and now we are to have the Conventions of the Provincial, Dominion, and World's Woman's Christian Temperance Union. It looks as if women in the past few years have carried out a revolution, educational, social, industrial and political; the like of which the world has few parallels.

Convention time!—The phrase has come to be full of meaning to a great multitude of women. For months, during busy days, from the Atlantic to the Pacific, throughout our wide Dominion, the slogan has been, "To Convention." We have planned for this, worked, longed, and prayed, and one of the many advantages will be to bring the people of the country and city together, and give to each the opportunity of seeing something of the other's point of view. How the small annual meeting through county, province, up to the Dominion, we have all felt, our gathering has no equal anywhere.

Our work has been on the upgrade. As individuals, we have had our ups and downs; but, in the main, the work has been extending, and deepening its hold upon the people, and yearly presenting an improvement in advance of its predecessors. In our workers there is much of the heroic, much of the noble, much of the Godlike, and it will be for the leaders at conventions to bring these things out. The true leader is a creator in this sense, in that she gets out of workers what others never suspected was in them. May the outcome of these great gatherings be purification, elevation, strength, hope, surety, and stupendous victories. May we remember the law of assimilation, and the law of influence underlies the secret of success; and that all human intercourse is a seeing of reflections. May there be much of the reflection of the Divine, and by the conscious association of the Master of Assemblies. Whom we will see by the inward eye, looking lovingly upon us, may every evil passion be controlled, every throb of pride subdued, and every thought of selfishness be overcome, and with higher ideals, better models, and nobler influences may we go out to serve as never before. Individually, let us ask ourselves:

"Say, my soul, what preparation maketh thee for this high day When the God of thy salvation Openeth to thee a broad new way."

—A. E. G.

Cabinet Post For Bennett

R. B. Bennett, M.P., left for Ottawa Thursday night, on supreme court business, but it is rumored in local political circles that Calgary's representative in the federal house, before he returns from the capital, will have definite information as to whether or not a shift, that will give a portfolio, will be made in the present Dominion cabinet.

Reports from Ottawa have been coming over the wire to the effect that Dr. Roche will be transferred from his present position as minister of the interior in order that Calgary's representative may become the head of the department. These reports have not been confirmed, but the feeling seems general that Mr. Bennett will be given a position in the cabinet in the near future, and that he will become minister of the interior.

Mr. Bennett, when seen, refused to make any statement beyond saying that he was going to Ottawa on court business.

Those in touch with political matters are of the opinion that the present would be a very appropriate time to make any contemplated shifts in the cabinet, and it is probable that official reports announcing Mr. Bennett's appointment to the cabinet will be announced this fall.

Photograph of Cow Attracts New Settler

J. Fisher of Oregon, Buys Red Deer Farm After Seeing Rosalind's Picture
 A little photograph of Rosalind of Basing, the champion butter making cow of the British empire, owned by C. A. Julian, St. Mary's, Red Deer, was the means of bringing to this province J. Fisher, of Portland, Oregon, and eventually inducing him to buy 300 acres of fine dairy land in the Red Deer district. Now the ex-Portland farmer has sold his property in the States and brought over to Alberta three carloads of dairy cattle.

He intends to go in for dairying alone exclusively, and is erecting the necessary buildings on his land.

Mr. Fisher first noticed the photograph of this famous cow in a C. P. R. folder which was given him in Portland. He read the history of the prize animal, and it bred in him a desire to see the country where such famous animals were to be seen. The result was his acquiring property in the Red Deer district and locating in this country.

This Beats Toronto

(From a Toronto Exchange)

The directors of the Red Deer, Alta., Exhibition can give the Manager of the National Exhibition some pointers on how to run an exhibition. They are offering prizes for the four best selections of "cads" under the following conditions:

Select four advertisements from the prize list which you consider the best advertisement, including your first, second, third and fourth choice.

Competitors are at liberty to indicate, in any other ads., any special features which they deem attractive.

In the competition the type and arrangement of the advertisement is not to be considered, simply the material.

The competition is open to the residents of the Red Deer District, from Nordegg on the west to Great Bend on the east, Lacombe on the north, and Innisfail on the south.

Mail your selections to the secretary of the Red Deer Board of Trade, not later than August 9.

Editor's Note.—There is a splendid example in this for business men. One that might well be emulated. It is an indication of how fast the art of advertising is coming to the front, and if it can be applied as an attraction for a fair, how much more valuable for the dealer. It's worth thinking about, Mr. Merchant.

MAY INTRODUCE FREE WHEAT MEASURE SOON

Hon. C. J. Doherty Intimates That Parliament Will Consider Matter.

Lethbridge, Oct. 2.—Hon. C. J. Doherty arrived in the city yesterday from Calgary. Regarding the meeting of parliament, he said no decision had been made, but the impression is that the house will not sit until after the new year. Speaking of free wheat, he intimated that a measure dealing with the same would probably be introduced in the coming session. "Several of the ministers," he remarked, "have been west this summer, so they ought to know the feeling of the big wheat growers previous on this matter."

A meeting was held at St. Augustine's hall, after which Hon. Mr. Doherty and a party of about 25 moved out to the provincial jail, the minister being desirous of studying the western penal institutions on his trip.

HORSES FOR SALE.

Some fine young geldings and fillies for sale, broken and unbroken; also some half bred Hackney drivers, well broken, no afraid autos, plenty of go in them, and will be sold at reasonable. Apply to J. J. RICHARDS & SONS, Red Deer, Jan. 20, 1913.

Wasting Millions

(Calgary Herald)

The Sifton government appears to have the solid support of its followers in the determination to literally throw away millions of dollars by reviving the Alberta and Great Watereys railway charter and handing it over to the Clarke interests or their alleged successors, the McArthur interests. It makes no difference who the beneficiary may be, the point that concerns the people is that the government is deliberately signing away millions of dollars that should and could be conserved to the province.

In the legislature on Friday an offer was presented by Dr. Blow, on behalf of some of the most prominent contractors in the west, to construct the road for the province for \$1,485,400 less than the cash bonus which the Sifton government plans to hand over to McArthur to get him to build the line for himself.

The government proposal and that offered by Janes Brothers and associates by Dr. Blow may be summarized in this way: The government propose to give McArthur \$200,000 per mile to construct the road for himself and his associates. Janes Brothers offer to construct the road for the government on the same specifications for \$15,766 per mile, or for \$4,244 per mile less than McArthur. Under the McArthur proposal private interests own the line upon its completion. Under the Janes offer the ownership of the road is vested in the government. The McArthur interests retain full control of all townships. The revenue to be derived from the exploitation of these townships is conservatively estimated at over \$7,000,000, or more than sufficient to cover the actual cost of building the road and stations along the route. The Janes tender leaves the townships entirely in the hands of the government.

The government's scheme to hand the original charter to McArthur means that private interests secure the townships and \$20,000 per mile and keep the road. The Janes tender means that the company would accept \$15,766 per mile to construct the road and that the road would be the property of the province on completion. In other words, the government of Alberta proposes to hand over to McArthur approximately \$8,485,400 more to build the road for himself than Janes Brothers ask to build it for the government.

There is no difference in the financial standing of McArthur interests and the Janes interests. Last Friday morning one of the most widely recognized financial agencies in the world estimated the Janes interests to have a net worth, above all liabilities, of more than \$1,000,000. Even Premier Sifton on the floor of the legislature said that he had reason to believe the company capable of carrying out any contract entered into.

Yet the government proposes to sacrifice the interests of the province to the extent of over \$8,485,400 to the McArthur firm. Canadians always like to think well of their public men, but it will take more than evasive oratory to excuse a step such as this one, which is being taken with a full knowledge of the vast loss which it means to the province.

NOTICE

Department of Indian Affairs

TENDERS FOR FLOUR

SEALED TENDERS, endorsed "Tenders for Flour," and addressed to the undersigned, will be received up to noon of Wednesday, the 15th October, 1913, for delivery on or before the 1st of November next, of the undermentioned quantities of flour, or any portion thereof, at the points named herein.

Flour to be equal to the standard sample, which has been ground from this season's wheat crop, and which may be viewed in the Department of Indian Affairs, at Ottawa, the Indian Office at Winnipeg, the Indian Agent's Office at Battleford, and at the Dominion Lands Office at Calgary, Edmonton, Prince Albert, Battleford, Lethbridge and Macleod. The flour should be fresh ground, put up in sacks containing 100 lbs. net, and double sack, the inner sack to be of grey cotton, three yards to the pound, free from dressings, and to weigh six ounces when made up; the outer sack to be of jute, sewn with strong twine and to weigh fourteen ounces; sack known to trade as "twopound bag," the outer sack to be legibly branded with the name of the manufacturer, and net weight of flour within.

Each tender must be accompanied by an accepted cheque in favor of the "Secretary of the Department of Indian Affairs" on a Canadian Bank, for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McEAN,
Asst. Deputy Secretary,
Department of Indian Affairs,
Ottawa, 22nd September, 1913.

Local and General

Xmas cards, comic post cards, and slights at John McVicar's bookstore. A good stock of school books.

A harvest bargain in hats and millinery at Mrs. Jarvis', over P. A. Gietz's store.

Remember there is a big harvest bargain sale of hats and millinery at Mrs. Jarvis' this week.

Good eyesight is assured by good glasses—H. H. Humber, graduate optician, Gazette Avenue.

Miss Cowan, of Edmonton, is in the city for a few days visiting Mrs. Dorrance and other friends.

W. K. Rutledge, operator at the C. R. depot, has been promoted to the position of agent at Consort.

S. N. Carscadden and his brother C. N., of Chentu, China, are out west for a couple of days shooting.

Mrs. M. J. Snell returned to Red Deer on Wednesday afternoon, after a six weeks' holiday with Snell Bros. at Ferry Point, Alberta.

H. G. Scott, of Moore & Scott, returned on Saturday last from a visit of his mother in Scotland for the past two months.

The Lyric Theatre people are again putting on two nights of vaudeville this week, Wednesday and Thursday.

Well-known actors and comedians will appear in the Lyric Theatre on Wednesday and Thursday.

Cooper & Haines are the right people in the right place, as far as clothes pressing and cleaning goes.

A trial pressing and satisfaction guaranteed. Agents for Style-Craft.

If you are a lover of music, don't fail to attend the performance of the Red Deer Theatrical Club at the Empress on Thursday and Friday of this week.

A Halloween dance will be given at the Parish Hall, Friday night, October 31st. All welcome. Special features. Dancing from 8 o'clock to 12 o'clock.

W. E. Payne made a trip west last week, and returned on Friday in time to make the presentation of the Michener Cup to the Fire Brigade team, this year's winners.

Some of Red Deer's younger talent will be on the Empress on Thursday and Friday of this week. The proceeds are in aid of the Hospital. Book your seats at Parker's drug store.

Mr. Whithouse, manager of the Bank of Commerce, returned from his visit to the Old Country a few days ago, accompanied by his sister, Miss Whithouse, who will make Red Deer her home for some time.

W. E. Hardenberg has severed his connection with Messrs. Seymour & Dawe, surveyors, and taken a position on the staff of the News-Telegraph, Calgary. Mrs. Hardenberg left yesterday to join her husband.

Jim McConnell left for Pentecost, B.C., on Monday last. Jim has been appointed on the provincial police staff under Chief Ross. A number of friends were at the depot to see him off.

Capt. W. H. Cottingham is confined to his bed with a very severe cold. The Capt. got wet while shooting and struck a bad illness at the depot. He is expected to resume his duties at the depot next day, but was unable to do so, and his doctor ordered him to rest, where he has been for some days now.

Harold Jarvis, the noted Detroit tenor, will give an evening's entertainment in the Methodist Church, under the auspices of the Ladies' Aid, on Monday evening, October 27th. Mr. Jarvis has a reputation that extends to all parts of the continent, and he is undoubtedly the most famous singer of his class. All lovers of good music should be sure to keep this date open.

Latimer & Botterill will exchange their equity in three sections of land on the main line of the C.P.R. at Brooks, Alta., for city property (house or lots), not less than one section in each exchange. This land is a steam plow proposition, and in the great wheat belt of south-eastern Alberta. Seven years ago the balance at 6 per cent. interest. Original cost \$150.00 per acre. What have you to offer.

Three prizes for boys and three prizes for girls at the Empress Theatre on Saturday afternoon, as follows: The boy and girl who bring the largest potato will receive 50c each. The boy and girl who bring the second largest potato will receive 10c each. The potato winner will be given to the Memorial Hospital. Usual matinee prices.

The Lyric management is putting on special vaudeville acts two nights each week, Wednesday and Thursday of this week. You have the opportunity of seeing and hearing twelve vaudeville artists, every one a good one, for the sum of 25, 35 and 50c. The management are making efforts to place before their patrons the best vaudeville shows travelling the country, and ask for your support and patronage.

W. J. Botterill and W. E. Chadsey returned Friday night last from a week's visit through the east country. Mr. Botterill reports every credit is coming to the hotel-destination given to travellers, which is far ahead of our own local hotels. Notwithstanding the fact that the towns have no waterworks, hot and cold water is brought to the hotels and a sewerage system carried on this costs the hotelkeepers \$100 a month to keep up. He would like to see local hotelkeepers to make a trip east and see for themselves.

Football Smoker

A very successful wind-up football smoker was held in the Council Chamber on Friday night last.

A good sized crowd attended to see the presentation of the Michener Cup and listen to some good talk on football matters and sport in general, in addition to a concert of great merit.

H. J. Snell, President of the Red Deer League, occupied the chair, and opened the meeting at 8.40 with a brief address, after which he called upon J. Edgar Welton for a piano solo.

Hamilton's bakery will inaugurate a strictly cash system after November 1st next.

Miss Gladys Day leaves on Friday for an extended visit with friends at Medicine Hat.

Spent half an hour in looking at Mrs. Jarvis' harvest bargains in hats and millinery.

Mrs. and Mrs. Cole returned from a most enjoyable visit to the coast and Westminster Exhibition last week.

Special orchestra of four pieces will provide music for the occasion. What occasion? Why the Halloween dance on October 31st.

Captain J. C. Moore passed through a successful operation for appendicitis at the Hospital Saturday last. He is doing well and is on his way to speedy recovery.

The Fire Brigade desire to thank Mayor Galbraith for a handsome framed photo of the City Council for 1913, presented to them by His Worship on Tuesday evening last.

After Vol. 2, the world's record two-day race broke all records at Lexington, Ky., on Oct. 6th, by doing the mile in 2.04 1/2. The previous record was 2.06 1/2 by the same horse.

Brassier toy and novelty store is now open on 1st street. Popcorns most useful and necessary small goods required in the house. Walk through and see for yourself. Prices right.

G. W. McKenzie, Principal of Red Deer schools, returned from Winnipeg on Monday, he having accompanied his wife and family far on their journey to Sydney, Nova Scotia, where they will spend the winter.

Mr. W. L. Clark, author, lecturer, and teacher, will address the Young Men's Club in the Methodist Church next Sunday afternoon, October 19, at 4 o'clock. All men are cordially invited. Mr. Clark will also occupy the pulpit both morning and evening. Morning subject—Fathers and mothers. Evening subject—Sons and daughters.

The C.O.G.F. ball on the night of October 28th was a pronounced success. The attendance was good, and the orchestra was heard to the accompaniment of the C.O.G.F. are well known for their talent of putting on a good supper, and this was one of their best.

The C.O.G.F. were composed of: Yonmans, first violin, Mr. Gee, clarinet, Mr. Brooks, senior, piano, and Mr. Brooks, junior, trap drum.

Rev. Mr. Clarke, who will be holding special services, all next week in the Methodist Church, will address the men's meeting in the Sunday School room on Sunday afternoon at four o'clock on a subject of interest.

This is the first meeting of the season and should be largely attended. The meetings will be carried on for the next six months every Sunday afternoon, and the subjects will be on leading topics of the day.

A cordial invitation is extended to all men, old and young, to attend these meetings, as they are undenominational and free to all.

Band Entertained
On Sunday afternoon last the members of the Red Deer Citizens' Band, in full uniform, journeyed out to the home of Mr. and Mrs. Arthur Rogers, who live about three miles west on the Sylvan Lake road.

The weather was a very fine one, and the boys simply took possession of the farm for the time being. Taking up their position on the lawn before the house, the band played a few numbers, and during the intermission took a look at some fine Holstein stock, of which Mr. Rogers has good reason to be proud.

Mr. Rogers has good reason to be proud of his Holstein stock, and the band's buildings and yards from the road, and it is a pity, for as an object lesson on how to have a place for everything and keep everything in its place, his premises are hard to beat. Before resuming the programme, the band artist took a number of snap shots. If the pictures are a failure, we must excuse either the camera or the artist.

After the programme, the boys were escorted to the dining room, where Mrs. Rogers and her daughter, Mrs. Dahl, had prepared a most attractive supper, to which the boys did full justice. On behalf of the members of the band, the bandmaster expressed in a few words the great appreciation of the boys for the kindness and hospitality shown by Mr. and Mrs. Rogers and Mrs. Dahl on this occasion, and also for the constant and enthusiastic support given the band by Mr. Rogers, who is regarded as a booster.

Instead of three cheers being given, the boys endorsed the bandmaster's remarks by a hearty clapping of hands. In reply, Mr. Rogers expressed his appreciation of the visit and intimated that another trip was in store for the boys. The band is indebted to Mr. H. G. Stone, a member of the original Red Deer band, for the use of his house in driving a full of the members out and back again; also to Mr. Rogers and Mr. Cox, who took the remainder. The trip was one which was thoroughly enjoyed by all and will not be forgotten.

The trip was one which was thoroughly enjoyed by all and will not be forgotten.

Band Entertained
On Sunday afternoon last the members of the Red Deer Citizens' Band, in full uniform, journeyed out to the home of Mr. and Mrs. Arthur Rogers, who live about three miles west on the Sylvan Lake road.

The weather was a very fine one, and the boys simply took possession of the farm for the time being. Taking up their position on the lawn before the house, the band played a few numbers, and during the intermission took a look at some fine Holstein stock, of which Mr. Rogers has good reason to be proud.

Mr. Rogers has good reason to be proud of his Holstein stock, and the band's buildings and yards from the road, and it is a pity, for as an object lesson on how to have a place for everything and keep everything in its place, his premises are hard to beat. Before resuming the programme, the band artist took a number of snap shots. If the pictures are a failure, we must excuse either the camera or the artist.

After the programme, the boys were escorted to the dining room, where Mrs. Rogers and her daughter, Mrs. Dahl, had prepared a most attractive supper, to which the boys did full justice. On behalf of the members of the band, the bandmaster expressed in a few words the great appreciation of the boys for the kindness and hospitality shown by Mr. and Mrs. Rogers and Mrs. Dahl on this occasion, and also for the constant and enthusiastic support given the band by Mr. Rogers, who is regarded as a booster.

Instead of three cheers being given, the boys endorsed the bandmaster's remarks by a hearty clapping of hands. In reply, Mr. Rogers expressed his appreciation of the visit and intimated that another trip was in store for the boys. The band is indebted to Mr. H. G. Stone, a member of the original Red Deer band, for the use of his house in driving a full of the members out and back again; also to Mr. Rogers and Mr. Cox, who took the remainder. The trip was one which was thoroughly enjoyed by all and will not be forgotten.
